Instructions for the internship report
M2 Cybersecurity

The report must have about 40 pages (+/- 10 pages), without appendices, it can be written in French or in English but it is recommended to write it in English.

Format:
- Use at least 12-point fonts (10 points for figures) with a two-sided printing.
- A Latex style is available here (it is just an example, not mandatory).
- For the first page, the given model is mandatory, in English or in French (use both logos for Grenoble-INP/Ensimag and UGA).
- Plagiarism is a fraud, see here.

The report must be sent by the student to the Master’s directors as well as to their tutor:
- Either by e-mail (report in .pdf format); in this case, the student must also bring 2 printed copies (two-sided and with a binding) for the defense.
- Either by postal mail (also 2 printed copies, two-sided and with a binding).

In either cases, the report must find each member of the jury before June, 17th, 2018, for a defense in June, and before August, 26th, 2018, for a defense in September. A penalty of -1 point per day of delay will be applied on the project grade.

The defense

Each defense lasts 45 minutes: 20 min for the talk, 15 min for the questions, followed by a deliberation limited to the project advisor(s) and the members of the jury.

A video projector will be available.
Evaluation

The master project will be evaluated according to the following 3 aspects and 8 criterion:

1. **Project work** (4 criterion):
   - Analysis of the problem,
   - Originality of the proposed solution,
   - Comparison with the state-of-the-art,
   - Elements for the validation of the proposed solution.

2. **Written report** (2 criterion):
   - Structure of the document,
   - Clarity of the presentation, quality of the written expression.

3. **Defense** (2 criterion):
   - Clarity and quality of the presentation,
   - Answers to questions.
